OVERVIEW

This guide was developed to provide the foundation for consistency of the PH&C brand across all media including web, collateral, promotions, and advertising. Consistently expressing the visual identity builds a strong brand awareness, allowing PH&C to become a marketplace leader.

Don't try and mess with it; follow these guidelines for the most effective expression of the PH&C brand.

LOGO ELEMENTS

LOGO ELEMENTS

The PH&C logo consists of three elements: the logo mark, the logo type, and the tag line. On any given branded item the logo should appear at least once as a whole.

MARK

The PH&C brand is represented by a block of "buildings" with the center being a keystone shape.

LOGOTYPE

The PH&C typeface is set in Italian Old Style MT.

LOGO TAG LINE

The PH&C tag line is set in Futura Book.

PROPER LOGO USAGE

PROPER USE OF LOGO VARIATIONS

The PH&C logo should be rendered whole with the tag line included whenever possible. The logo mark may only be used separately if another instance of the complete logo is on the same collateral.

BUILDING DEVELOPMENT SERVICES

WHOLE LOGO

PROPER USAGE OF COLOR ON LOGO

The PH&C logo should be rendered in full color whenever possible. If it has to be present in a single color that is out of the designer's control the preferred options are below.

IMPROPER LOGO USAGE

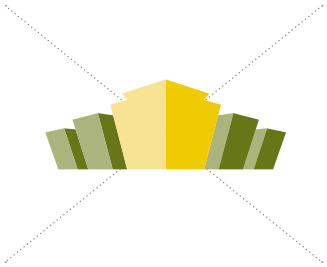
IMPROPER USE

The PH&C logo should never be depicted in the following ways.

Never depict the logo mark with only one solid color. Use the black and white version if this is necessary.

Never change the colors of the logo other than what is outlined in the Proper Logo Usage section.

Never change position or the size of the logo mark with the logo type.



Never crop the logo mark.

Never use the logotype by itself to represent the company. Always have the tag line and the logo mark present.

LOGO CLEARANCE

CLEARANCE

When the PH&C logo is used in marketing materials in conjunction with other typography, photography, or illustrations, a minimum measure of clear space must surround the logo type. This space is equivalent to the width of the of the serif on the "H", as illustrated below.

The logo should not be made smaller than having a width of 1.3".

BRAND COLORS

PRIMARY IDENTITY COLORS

When using four-color process inks and spot PMS colors are not an option, the logo may print as a process-color build.

PANTONE 110 C
R:215 G:169 B:0
C:2 M:24 Y:100 K:7
HTML: D7A900

PANTONE 5757 C
R:106 G:112 B:41
C:35 M:16 Y:82 K:52
HTML: 6A7029

SUPPORTING COLORS

The supporting colors are only for design elements other than the logo and should be used sparingly.

IMPORTANT: The art work and colors in this manual are for visual representation only and are not accurate for color. The actual PANTONE and process CMYK builds specified need to be followed to maintain accuracy.

PANTONE 1675 C
R:163 G:63 B:31
C:5 M:82 Y:100 K:26
HTML: A33F1F

PANTONE
WARM GRAY 7 C
R:152 G:143 B:134
C:14 M:19 Y:21 K:38
HTML: 988F86

PANTONE 4515 C
R:180 G:167 B:108
C:8 M:14 Y:50 K:24

PANTONE 541 C
R:0 G:63 B:114
C:100 M:58 Y:9 K:42
HTML: 003F72

TYPOGRAPHY

The typeface Italian Old Style MT is used to create the logo type in the PH&C logo. To maintain a consistent image, use the fonts as illustrated below as the standard text whenever possible.

Headings are to be placed in Italian Old Style MT. Sub-headings can use a capitalized Futura Book with a tracking of 50.

Use fonts as they were designed. Do not artificially extend or compress them.

Futura Book

This font is to be used for any large body of text.

FUTURA BOOK

This type treatment can be used for sub-headings.

ITALIAN OLD STYLE MT

This font is to be used for headings and sub-headings.
